

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or motor component. The parts are labeled with their respective part numbers:

- 36213**, **36213B**, **36213A**: Small circular components, possibly O-rings or seals.
- 36273**, **36273A**: Larger circular components with internal features.
- 36270B**, **36270C**, **36270**: Components with internal teeth or splines.
- 36212D**, **36210A**, **36210A**: Components with internal features and teeth.
- 41331M**, **41311M**: Components with internal features and teeth.
- 36270A (NO. 1)**, **36270A (NO. 2)**: Components with internal features and teeth.
- 36288**: A small circular component.
- 36211**, **36213A**, **36231E (NO. 1)**, **36216A**, **36216A**: Components with internal features and teeth.
- 36209**, **36236**: Components with internal features and teeth.
- 36231D**, **36291A**: Components with internal features and teeth.
- 36255A**, **36231**, **36231D**, **36205**, **36231J**, **36255**, **36231F**: Components with internal features and teeth.
- 36293**: A component with a curved shape and internal features.
- 36292A**, **36292**, **36212A**: Components with internal features and teeth.
- 36284**, **36235**: Components with internal features and teeth.
- 36248**, **33371D**, **36237**, **33371D**: Small components, possibly screws or pins.
